Technical Skills

- **Languages:** HTML5, CSS, JavaScript, SQL, Python.
- **Frameworks / Libraries:** React JS, Flask.
- **Databases:** MySQL, Oracle.
- **Developer Tools:** Git, GitHub, Visual Studio.
- **Web/Operating System:** Windows, Linux.
- **Technical Proficiencies:** Object-Oriented Programming, Database Management System.
- **Soft Skills:** Leadership, Problem-Solving, Collaborative, Communication.

Education

Pursuing Bachelor of Engineering in Computer Technology   *Nashik, Maharashtra*

Sandip Institute of Technology and Research Center.

- CGPA: 8.19   *Dec 2023 – June 2026*

Diploma in Computer Technology   *Nashik, Maharashtra*

NDMVPS's RSM Polytechnic Nashik   *Aug 2020 – Sep 2023*

- Percentage: 84%

Secondary School Certificate (SSC)   *Nashik, Maharashtra*

KBH Highschool Girnare   *March 2018 – June 2019*

- Percentage: 82.40%

Projects

News App   (GitHub)

Technologies Used: React, React Router, React Icons, JavaScript, CSS

- Developed a responsive news portal using React.js to display real-time news articles.
- Integrated the News API to fetch top headlines and category-based news dynamically.
- Implemented Infinite Scroll to load more articles smoothly without page reload.
- Enhanced user experience with loading states and error handling.
- Applied React Router for seamless navigation between categories and predictable UI behavior.

JioCinema Clone

Technologies Used: React, React Router, Context API, JavaScript, HTML, CSS

- Developed a React-based web application that allows users to search for movies, view popular movies, and manage their favorites list.
- Developed a React-based web application utilizing React Router for client-side routing and React Context API for global state management of user favorites.
- Designed a responsive UI using CSS and handled dynamic movie search with real-time updates.

Women's Security Side Web Portal

Technologies Used: HTML., CSS, JAVASCRIPT

- Developed a responsive web portal using HTML, CSS, and JavaScript to enhance women's safety and security.
- Implemented real-time location tracking and emergency contact features for quick assistance.
- Designed an intuitive user interface for easy navigation and efficient reporting of incidents.

Courses and Certifications

Completed full Stack Development Internship at Arrow Technology and Solutions	Certificate	Jan 2025 – Feb 2025
Accomplished Web Development Training at Callibers Infotech Nashik	Certificate	July 2022 -- Aug 2022
Completed the Google Analytics Beginner and Advanced courses	Certificate	May-2024
I participated in a three-day workshop on Entrepreneurship Development		Nov- 2022
Hackathon Participant, "SIH-2024" an Internal hackathon.	Certificate	Nov 2024

Achievement & awards

- Vice President of CESA (Computer Engineering Students Association) – Successfully organized and lead various events.
- Smart India Hackathon Participant – Represented my institute and proposed a solution to a real-world problem.
